# Festive Fun For All

*We bet you, your family and friends are ready for some magical fun and events, so here is what's happening across town in the run up to the 25th December and beyond.*

## Lights On!

On Saturday 20th November, Collectively Camberley once again bring us a wonderful day and evening, by officially starting the Christmas festivities with their Christmas Light Switch On Event.

From 10am – 4pm, Camberley town centre will be filled with street entertainment, free face painting and balloon modelling, family activities and a Christmas market. Between 11am – 3pm you can also come and meet some real reindeer, sponsored by Seymours!

From 1pm, our large stage full of live music and dance acts will entertain you right up to the moment when Santa joins us to switch on the lights (approx. 4:45pm).

Santa will be joined by a Christmas Elf who will interpret the switch on section into British Sign Language to support our deaf community.

An impressive firework show, magical snowfall plus more live music until 7pm will follow the switch on, so be sure to stay in town for the evening, making the most of late-night shopping and a delicious meal or festive drinks in one of our many restaurants and pubs.

# Days Out are back and better than ever!

*We love it when Instagrammer Lindsay Kennard, aka The Rustic Mother, and her family visit us here at The Atrium her boys have boundless energy which is ideal when there is so much to do!*

After almost two years of restrictions, lockdowns and uncertainty, it's great to be able to go out with the boys and know you're in a safe, family-friendly environment where the boys feel welcomed, relaxed and free.

This is how we always feel when we visit The Atrium, there is always something new to do or see and also it's reassuring to see sanitising stations.

Our first stop is always Pirates Landing; a large soft play, perfect for my active little ones. I'd recommend booking ahead as it gets busy! The boys always have an amazing time, barely stopping for a drink and snack. I on the other hand always take the opportunity to have a cup of coffee in relative peace...if not quiet!

The boys particularly love climbing up the soft play levels before rocketing down the slides. If I'm honest, the hardest part is always getting them to leave!

@therusticmother

We sometimes have lunch in Pizza Express and Wildwood is also a favourite of ours. Both are family friendly, really clean and also have great children's menu, as well as a delicious selection for me - the most important part!

Now that the boys are getting a bit older we love a trip to the Vue cinema or Tenpin bowling. The boys are always mesmerised by the atmosphere, lights and music.

We always have a fantastic family day out, with a little something for everyone (partners included). I would certainly recommend it as a great way to keep the whole family safe and entertained!
